## AGRA GREYHOUND RACING BREEDING RANKINGS FOR JANUARY 2007

Listed below are the first breeding rankings for 2007. These rankings were used last year to determine the National award winners to be announced on March the 30<sup>th</sup>. However this year it was decided by the AGRA committee to publish these rankings as a further interesting point and highlight to group racing. The ranked positions are determined by a points system applied to group races on a sliding scale of points first to eighth. The sires have a different scale of points to the dams and the systems have had a lot of time spent on them and all concerned are happy that the rankings reflect a fair and accurate assessment of a sire or dams position in relation to Group racing and Group racing only.
