

Hawk goes well

Westmead Hawk had his first official four-bend trial since breaking his hock at Hall Green when going before racing over 480m at Monmore Thursday night.

Ladbrokes ensured the Hawk's return was streamed live on their webcast from the track, and Nick Savva's dual Derby hero, who returned at the midlands track with a two-bend spin last week, looked smooth as he went round the first couple of turns. He posted 28.51sec.

Westmead Joe, following his impressive sprint trial last week, was again in action over the 264m distance, and again put a decent time on the board, returning 15.18sec compared to last week's inside-the-clock 15.09sec effort.
